

Intersection

```
classDiagram
    class Intersection
    class IntersectionwithoutSignal
    IntersectionwithoutSignal --|> Intersection
```

A UML class diagram illustrating inheritance. At the top is a white rectangular box labeled "Intersection". Below it is a gray rectangular box labeled "IntersectionwithoutSignal". A vertical blue line with a triangular arrowhead points from the top of the "IntersectionwithoutSignal" box to the bottom of the "Intersection" box, indicating that "IntersectionwithoutSignal" inherits from "Intersection".
